MOST NOTABLE PROJECTS

"EKAM Games": Website (10/2020 - 10/2020)

- A website where you can create an account and select video games (from an API connecting us to 350 thousand video games) to add to your wishlist, or your owned games list. A fully responsive website to have at home or on-the-go on your smartphone.
- <https://ekam-games.herokuapp.com/>

"COSMOUSSE": Item Storage Mobile Application (10/2020 - 10/2020)

- An application for a user to create an account and pin-point on your map, the best beers you've had and keep an inventory of your best moments. A mobile application to always have in your pocket!
- <https://cosmousse.herokuapp.com/>
